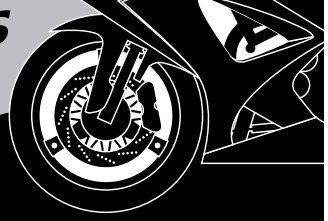
YOUR SAFETY IS OUR BUSINESS



At Ride-Tek our job is to make sure you meet the skills and the legal requirements to obtain your permit or licence.

WE PROVIDE COURSES SEVEN DAYS A WEEK CATERING FOR EVERY LEVEL OF EXPERIENCE...

Our philosophy has always been to provide riders with "real-world" skills rather than simply teaching them how to pass a test! Your safety matters to us and we want to ensure the maximum safety aspects are applied to your riding skills and attitude.

RIDE-TEK EXPERIENCE

When training with Ride-Tek MTA, you will be taught how to ride a motorcycle safely, not just how to pass the test at the end of the day. This objective is met by the combined experience of Mel and his team of instructors which spans far in excess of 65 years. All are still active and enthusiastic motorcyclists.
